

*United States Service Committee
Of Narcotics Anonymous (USSC)
Newsletter*

ISSUE 1, 2012

OUR NEW DIRECTION: Like our new look? This revitalized Newsletter is a small example of the new direction the USSC is offering the NA fellowship in the United States. This Newsletter will not only give you updates on the growth of the USSCNA , but also the opportunity for you , the membership, to help continue this new direction . Send us what's going on in your group, area or region and we will include it in this Newsletter; Go to: www.usscna.org and click on the *contact us* tab. Remember, *THE USSCNA WAS STARTED FOR YOU!!!!!!*

Latest News: Groups from Utah and California have come together and sent 2000 IP's, 200 White Books, several Basic Texts, group readings, and copies of the Guide to Local Service to NA communities in Greater New York City that were devastated by hurricane sandy. "THANK YOU FOR YOUR SERVICE"

BECOME A PART OF; HERE'S HOW: First, we need to know who you are and where you are. We have current members who have stuck with the creation of the USSCNA , thank you for sticking with us, however, as we all know, things change. Please take a few moments and go to our website: www.usscna.org and click on the *sign-up* tab. We ask that you complete the USSCNA Registration Form, even if your information has not changed. This will allow us to update your group, area and region information. You can also help us by spreading the word; let other groups in your area and region find out who we are by referring them to our webpage. Give others who may not know about us, the opportunity to come and find out for themselves who we are.

ASK THE COMMITTEE: There are those of you who have questions, comments or concerns about numerous subjects. We now offer a way to have those questions answered. Here's how; Go to: www.usscna.org and click on the *contact us* tab. Fill out the information and select the appropriate category from the drop down list where you will be able to address your questions, comments or concerns directly to any of the USSC subcommittees. You will receive a prompt and courteous response. We may also post your question with the response in this newsletter, if space permits. We have recovering addicts with decades of service involvement, who are a part of the USSC and are eager to share their experience, strength and hope with everyone.

Our subcommittees are coming together, however, we need and want the membership to join our subcommittees. "YOU" will create the force that guides the direction these subcommittees will take. Some of these subcommittees have set up conference call meetings. Very soon, all these subcommittees will have conference call capabilities. As the USSCNA moves forward, we will continually update our website. Here is the subcommittee conference call information we have so far:

TECHNOLOGY SUBCOMMITTEE	PUBLIC INFORMATION SUBCOMMITTEE	BUDGET & FINANCE SUBCOMMITTEE

SEE WHAT WE'RE DOING: The best way to see what's going on with the USSCNA is by visiting our website. On there, you can navigate around the site and find an abundance of information; from the history of how NA services have developed through the years, to a PowerPoint Presentation that gives a chronological history of Narcotics Anonymous, a history of how the USSCNA was created, and reference handouts to complete the slide show experience. We even have a narrated version, making it easier for everyone to watch the presentation (you will need a laptop external speaker system for the narrated version). Any questions regarding the presentation can be asked to the people presenting or forwarded to us via our website ***contact us*** page which we shared earlier in this Newsletter.

PASSING THE BASKET: One of the hardest things in our recoveries is the ability to ask for help. We believe this can change through humility. Our 7th Tradition talks about being "fully self-supporting through our own contributions." The Second Concept speaks about how services available in Narcotics Anonymous should be funded; by the groups. We have been receiving donations from groups, areas and regions that support the USSCNA; allowing us to have assemblies and conferences for the betterment of the NA fellowship in the United States. Increased financial support allows the opportunity for better services because the monies remaining after our conferences is minimal at best. Our fondest desire is to provide the most prudent and quality NA services available to the fellowship we serve. We ask for your donations to make this possible. In the future, we will have a place on our website for your donations. For the time being, please send your group, area or region donations to:

PO BOX 8378
Rockford, IL. 61126-8378

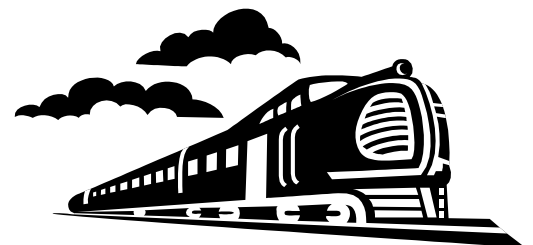

I make the right motions, play the right scenes.

Find recognition, you know what that means.

I conform to the pattern, adjust to a tee.

I'm familiar with all, but don't recognize me.

*Jimmy K.
